Class Website: <http://msgonzalezscience.weebly.com>

Course Description: *Anatomy and Physiology is a science course that will give students the opportunity to understand the relationships between structures and functions of the human body.*

Course Expectations

Be Respectful: Respect yourself, peers, teachers, and your classroom.

Be Responsible: Be prepared to learn in class with your folder.

Be Present: You are expected to be in class, *ON TIME*, everyday.

Follow Procedures and Rules: You are expected to follow directions the first time they are given

Course Calendar

Units	Objectives
Unit 1 & 2 Body Positivity	<i>Students will be able to...</i> <ul style="list-style-type: none"> - Write a scientific lab report - Develop a healthy body image.
Unit 3 Scientific Practices of a Warrior Intellectual	<i>Students will be able to ...</i> <ul style="list-style-type: none"> - Learn Anatomical directional terms - Identify Body Organs - Medical Case Scenarios
Unit 4 Musculo-Skeletal System	<i>Students will be able to...</i> <ul style="list-style-type: none"> - Learn Major Bones in the body - Learn Major Muscles in the body
Unit 5 Stronger Brains/ Nasa Globe	<i>Students will be able to...</i> <ul style="list-style-type: none"> - Learn lab procedures - Learn about <u>brain plasticity</u>
Unit 6 Cardiology & Respiratory System	<i>Students will be able to ...</i> <ul style="list-style-type: none"> - Follow the blood flow pathway - Know the anatomy of the heart

Late Work Policy

If absent on the day of a due date, you are responsible for turning in your work as soon as you are back, through email or text. I will not accept work, if you do not communicate.

Absence Policy

You are **RESPONSIBLE** for any work missed. Email, text, or see me if you will be absent.

Classroom Rules

- NO EATING/ DRINKING** in the Classroom (*Water is okay*)
- NO CELL PHONES, EARPHONES, IPODS** (If I see it, I will take it)
- NO CURSING** (*I expect this class to be a family that can respect one another and our space*)

I have read the course syllabus and understand the expectations set forth by Ms. Gonzalez's Anatomy and Physiology class.
